YKPA CHILD SPONSORSHIP AGREEMENT

We at YKPA wish to thank your assisting a Bali street child to have a better life. Your sponsoring enables us to provide a safe and positive living and learning environment, appropriate schooling, monitoring of the children's development, with the goal of attaining skills for future satisfying work.

This agreement is non-binding and can be cancelled at any time, and it is helpful for us if you can advise us as early as possible if you need to end this agreement. We try our best to help the children, but sometimes they are pressured to leave YKPA by relatives wanting them to beg, or work in the village. This potential instability is accepted by most donors who then choose to sponsor another child. Many times the children come back to us.

With your financial contributions, you can expect YKPA to do the following for your sponsored child:

School/learning

- Children attend school regularly and have the learning 'tools' they need
- Children have a caring adult who supports their learning and completing homework
- Children have frequent checks on their learning progress
- Children are encouraged to explore learning income-producing skills of their interest for their future life.
